## MILTON FIRE DEPARTMENT

The Milton Fire Department made the following calls in 1972:

- 2 shed fires
- 1 mutual aid Rochester-Willey Block;
- 1 mutual aid Sanbornville-Standby
- 5 False alarms
- 1 grass fire
- 4 dump fires
- 2 brush fires
- 1 woods fire
- 1 furnace backfire
- 1 cottage fire
- 1 washing machine fire
- 1 rubbish fire-Milton Grammar School
- 1 Spaulding Fibre fire-bales
- 1 Rays Marina fire
- 1 recall to Rays Marina

It should be noted that Mutual Aid to other towns was expensive this year, but we also benefited greatly from these towns at some of our fires.

We have very limited help available during the daytime/and the tremendous assistance we have received from the townspeople was greatly appreciated. Many thanks to everyone.

Respectfully submitted,

Herbert Downs  
Chief Engineer, M. F. D.

## REPORT of the FOREST FIRE WARDEN and DISTRICT CHIEF

In New Hampshire, forest fire control is a cooperative State—town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A.M. and 5:00 P.M. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent a forest fire.

Number of fires reported and acres burned—1972 season:

STATE —	410 fires	361 Acres Burned
DISTRICT —	102 fires	55 1/2 Acres Burned
TOWN —	5 fires	1 1/2 Acres Burned & 2 Spot Fires
DISTRICT CHIEF Alfred E. Grimes	FOREST FIRE WARDEN Herbert A. Downs

## AUDITOR'S REPORT

We have examined the books of the Town Clerk, Town Treasurer Selectmen's books, Milton Mills Library, and Trustee of the Trust Funds and find them correctly cast and correct to the best of our knowledge and belief.

The Tax Collector's books were audited by the state and the books and securities of the Ira S. Knox Fund (Durgin Estate) were not made available to the auditors.

# REPORT OF THE SUPERINTENDENT OF SCHOOLS AND THE ASSISTANT SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Milton School District:

In September of 1972, the enrollment of the Milton Schools was as is indicated below.

School	1	2	3	4	5	6	7	8	9	10	11	12	Total
Milton													
Mills	60		20										80
Milton													
Grammar	36	26	52	64	52								230
Nute High							49	47	43	61	33	44	277
Totals	60	36	46	52	64	52	49	47	43	61	33	44	587

In addition, there are thirteen pupils who were assigned to the Great Bay School and Training Center in Newington at an annual cost of \$845.00 per pupil. These youngsters were assigned by the School Board as it felt, as does the administration, that they could receive an education more appropriate to their abilities.

Milton is serving as the high school for some pupils from two other districts, Acton, Maine and Wakefield, New Hampshire. Milton's tuition rate is the state average of \$896.00 per pupil per year.

School District	10	11	12	Total
Acton	0	0	1	1
Wakefield	10	5	4	19
Totals	10	5	5	20

Even though the above figures do not indicate a growth in total enrollment, they are somewhat deceiving. This is due to the tuitioning of handicapped pupils to another school and the decision of the Board, upon the advice of the administration, to accept no additional tuition pupils. These two actions stopped the growth in enrollment for one year. If this had not been done, the enrollment would have continued to grow at about the same rate, or to approximately 610 pupils.

\* Federally funded.

Although two of the positions listed above are being funded by Federal sources, there are indications that this may not continue to be true. The readiness aide position, now being funded under the terms of the Elementary and Secondary Education Act, Title I, is subject to revocation due to the guidelines published by that act's administrative agency which indicates that in the future, no project of under a \$10,000.00 budget is likely to be funded, and projects of two or more districts where the amount funded is unlikely to approach the figure mentioned. The Occupational Information may not be funded because the New Hampshire Manpower Agency, which administers the Emergency Employment Act under which this position is supported, is urging that these positions be assumed by the local municipalities in order that other positions may be supported and thus the number of workers employed will be increased.

In making the principalship of the Grammer School a separate

responsibility, the Board has made a step forward. The school is of sufficient size to support a full time principalship and in meeting the elementary minimum standards, this must be done. Even though the position is presently a part-time position, it is recommended that it become a full time position as it was two years ago.

It appears to the undersigned that the most pressing problem confronting the Milton Schools at the present time is the lack of space. Even though there are twelve classroom teachers available for the six grades at Milton Mills and the Grammar School, the classes do not meet the standard for class size in all cases. In grades 3 through 6, in self-contained classrooms, there should be space for 240 pupils to maintain the 30 pupils to 1 teacher ratio. Some teachers have more than 30 pupils and some have as few as 20. Grades 1 and 2 should be able to handle 100 pupils at the required 25 to 1 maximum. However, there are 60 pupils in grade 1 and this condition is made possible only because of the readiness project and the large second story room at Milton Mills. The voters of Milton are strongly urged to make provision for more space as soon as possible.

Another problem facing the Milton School System is the meeting of the Elementary School Minimum Standards. This includes guidance services, physical education services, library services, and administrative services on the elementary level. This problem is also complicated by the space difficulty and comparatively little can be done in this regard until additional space, or a different decision regarding the use of existing space is made.

The undersigned would like to refer you to other reports printed in this booklet for the information pertinent to your schools which they contain.

In closing, the undersigned would like to express their appreciation of the support and cooperation they have received from the Milton School Board, citizens, pupils, teachers and staff. It is hoped that we can continue to work together successfully in finding solutions to the problems facing all of us.

Respectfully submitted,

CHARLES H. MORGAN

## PRINCIPAL'S REPORT

It is my pleasure to deliver the principal's report on Nute High School for the year past.

Progress has been made in the areas of program, staff and administrative and guidance services.

In the area of program some courses have been revised and extended and pupil schedules have been increased.

It is our purpose in our increase of pupil schedules (from four classes to five in most cases) to help your youngsters become better prepared for the world of work. We did find in our first year that most students were not as busy as they might have been and that they were not receiving the benefits from the program of studies as much as they could have.

Through the efforts of the guidance department and the administration all students were interviewed with the idea of placing them in courses which would add to their program in the most practical way possible.

It is hoped that within our limited facilities we can offer each student as much vocational training as is possible.

There is a substantial increase in the pupil load of the business department as a result of this program.

In the Science department special efforts were made by the staff to redesign the freshman science program into a much more exciting and practical offering. This program was done at no cost, by just changing a few ideas and approaches. The students and staff seem pleased with the new science course.

Driver Education has been considerably expanded this year. Mr. Al Banks and Mr. John Brown run this program with the class time held after school and the road work done in study time during the day. As many as thirty-five student may take Driver Education this year. Funds are provided by a course charge of \$25.00 per student and a reimbursement from the state. We have been

able to up-date our books for this area and the program is going well.

A new course began last year under a federal grant and expanded greatly this year is Occupational Information. Mr. Keith Wetterer teaches the course which is directly related to the working world here in New Hampshire. Students are exposed to many jobs and are instructed in interviewing, writing applications, and the other procedures for getting a job. Field trips are taken to local industries and films are shown and speakers come to the school to discuss occupational advantages with the students. We have been especially commended by the State Department of Education as a pioneering school in this very important area.

We have been able to greatly expand the program in Physical Education and athletics. Not only are our teams doing very well under Mr. Francoeur, Mr. Buckley, Miss Kelly, Mrs. Leblanc, and Miss Daigle but they are learning to play well together and to be truly good sports. Many more students have been able to participate because of the expansion of the Junior High program under Mr. Low.

About 85% of our students are now taking Physical Education twice a week and our gym is used by the elementary school several times for their Physical Education program.

As a result of these changes and expansions our students are busier than before. As we hoped their grades and attendance are both improved markedly. Mr. Johnson, the assistant principal, keeps a very close check on attendance and cooperates with parents to keep them informed when students are out of school. Parents have been equally cooperative and seem to appreciate this service.

Since most students have fewer study halls in school we would expect that they would be busier at home. There have been fewer problems with discipline in school under this schedule.

Our music program under Mrs. Moore and Mrs. Hodgdon is a great credit to the staff, school and community.

We do have our problems and most of them can be laid to a lack of facilities equal to the task at hand. We are very over crowded and will soon have to make some cuts in our offerings to students because of a lack of space.

As a citizen of the community I share with you a sincere concern for tax rates and expenditures. Professionally I try to write a budget which will reflect as much economy as can be justified. As my fellow citizens, I can only hope that you will be willing to take a long and serious look at the expansion problems in education which face this town.

I hope that in your wisdom you will make decisions which you feel are the best for the youngsters in our charge, the community as a whole and the generation yet to come.

It is my pleasure to serve you and I thank you for your interest and cooperation.

Respectfully submitted,

Neal P. McLaughlin, Principal  
Nute High School

## REPORT OF THE PRINCIPAL

This year we have four new teachers at Milton Elementary School. Miss Ellen McNiff replaced Mrs. Marion Stanley at fourth grade. Miss Martha Clark replaced Miss Barbara Yard at fifth grade. Mr. Frank Day replaced Mr. Dennis Bouchard at sixth grade. Mrs. Pamela Wetterer (additional) to take Mr. John Buckley's afternoon mathematics classes. Mr. Vern Carlson replaced Mr. Robert Lombard as custodian. He, in turn, was replaced by Mr. Kenneth Gray. Mr. Huey Wilson replaced Mr. Kenneth Ringer as building maintenance man, and Mrs. Ruth Ann Mammone replaced Mrs. Janice Cox on our hot lunch program.

Some of the new programs we have initiated this year are:

1. At the Milton Mills School, a readiness section was added to Mrs. Plummer's first grade room, and Mrs. Nancy Drew was named as a full time readiness aide to assist Mrs. Plummer. This was made possible through a grant from Title I, ESEA funds.

New equipment for the room was also realized through Title I money.

2. Physical Education. A 45 minute class per week. Nute High Gym has been utilized for this with fine cooperation from Mr. McLaughlin.

3. Along these lines, a Little League basketball program has been launched on Saturday mornings. Varsity basketball players serve as junior coaches for a worthwhile program.

4. We have begun a school newspaper for Milton and Milton Mills Elementary Schools under the direction of Miss Clark and Miss McNiff. Its official title is the MILTON MESSENGER.

5. The elementary school children were also quite proud of having collected \$200.00 at Halloween for the United Nations Children Fund.

6. Music (individual) lessons have been provided by Mrs. Joan Hodgdon along with regular music classes by Mrs. Ann Moore.

7. Mothers' Aid Committee members who have selflessly given their time to help us provide a more efficient learning experience for our students.

I would like to give a special thank-you to all who have been so cooperative and helpful during this school year.

The Milton School Board  
Superintendent Charles Morgan  
Asst. Superintendent Kenneth Beaupre  
Principal Neal McLaughlin  
Guidance Director Carl Tomes  
Head Teacher at Milton Mills, Martha Plummer  
Our entire faculty and all the parents who have been so cooperative.

Respectfully submitted,

JOHN D. BUCKLEY  
Principal  
Milton Elementary Schools

## REPORT OF SCHOOL NURSE

To the Superintendent of Schools:

Milton School Health Report September 1971--June 1972

### Health Services:

1. Immunization clinics were available March 23 and May 17, 1972.

A. Rubella	44
B. Measles	16
C. Polio	9
D. D.P.T.	5
E. T.B. Tine	8

2. Dental Clinic

A. Dental cleaning and topical fluoride was administered for the fourth year to 271 pupils increasing the school participation by 14%.

B. Crest Program

Grades 2B and 3C were instructed in dental hygiene and nutrition and given toothbrushes, Crest toothpaste and disclosing tablets.

C. Dental Health Art Contest

Grades 4-6 participated for the second year in a dental Health Poster Contest sponsored by the Women's Auxillary to the N. H. Dental Society. The three best pieces of Art work were submitted resulting in a winner, for the Seacoast area from Milton, Chris Peterson.

3. Health Screenings

	Examined	Referred	Treated	Rechecked or Advised
A. Vision	569	72		
B. Hearing	569	30		
C. Physicals	152			2
D. Heights	569			
E. Weights	569	23		
F. Teeth	569	174		
G. Tuberculin-- Adults	27	2	1	1
H. Throat Cultures	219	54	49	5
I. Pre-School	37	6		

4. Pre-School Appraisal

A. The individual child is evaluated for vision, hearing, dental care, health history, height, weight, immunizations, and physical examination. To comply with new State Laws every child must have a physical exam by a doctor of his choice and be immunized for D.P.T. Polio, Measles, and Rubella prior to school entrance.

5. Referrals and Consultations:

As in the past, many community, district, and state organizational services are utilized by the school health services:

Portsmouth Rehabilitation Center for Speech and Perceptual Evaluation

Strafford Guidance Center

Dr. Roy, & Dr. Rockenmacher--Pediatricians

Dr. Blood--nose and throat specialist

Muscular Dystrophy Association

N. H. Legal Aid Service

Nute Charitable Fund

Lyons Club (Wakefield-Union)

Crippled Childrens Service

State Laboratory

Dr. Faskianos--orthodontist

Community Parish Home & Legion Hall

Muscular Dystrophy Summer Camp

State Department of Welfare

Assistance with applications for free and reduced hot lunch rates, surplus food, medicaid, accident and health insurance claims, and AFDC are available through the school nurse.

6. Pupils Examined by Nurse--900

7. Communicable Disease

The incidence of Communicable Diseases including pediculosis, ringworm, impetigo, chickenpox, and strep throat increased greatly.

A. Streptococcal screening

All children complaining of sore throats were routinely cultures. All positive cultures were reported to the parents and treatment secured from the family doctor. The State of N.H. had a very high incidence of Strep, and Milton corresponded with the prevailing trend in 1972. The surrounding physicians in the area have agreed that

treatment of all strep throats is essential to prevent disabling complications later in life.

## HEALTH EDUCATION SERVICES:

A. Two classes per week were conducted exposing students to the following health problems.

1. Alcoholism
2. Drugs and Tobacco
3. Communicable Disease
  - a. Venereal Disease
4. Chronic Disease
  - a. Diabetes
  - b. Heart Disease
  - c. Mental Disease
5. Nutrition
6. Hygiene

B. Teenage Pregnancy and Parenthood:

Parents of the Sophomore and Junior class were invited to preview a movie, "I'm Seventeen and Pregnant and Don't Know What To Do" released by N. H. Child and Family Services, and literature pertaining to the subject. Mrs. Eleanor Dubois, consultant from N. H. Child and Family Services followed this up with a visit to the Biology Class to discuss the movie and its implications. All girls were shown the movie followed by guided discussions.

A Regional Conference on School-Age Pregnancy and Parenthood attended by representatives from many schools published the policies of N.H. Schools concerning attendance of pregnant students. The committee recommended the uninterrupted High School Education of all students and abolishment of old standing policies requiring compulsory withdrawal. This has been accepted by most school systems.

C. Mother-Daughter Cancer Education Program

Senior girls, their mothers and women of the community were invited to view Cancer education films and Dr. George Quinn was present to answer questions.

D. Suggestions

1. I feel that organized Health Education Classes including

First Aid Instruction should be given some consideration in scheduling at the junior high and/or high school level.

2. The services of a speech therapist on a part-time basis is becoming an increasing problem as transportation to the Portsmouth Rehabilitation Center is difficult to obtain, and volunteer drivers need insurance coverage to take children for needed therapy.

I would sincerely like to expand the Health Services and Health Education Program. This could easily be done with a full-time elementary principal and secretary at the grammar school. As our enrollment increases, our needs become greater and health services are more necessary as more health laws are enacted. There is a need for education in drugs, venereal disease, teenage pregnancy, and many other important areas.

Sincerely,

Priscilla Leblanc, R. N.  
School Nurse

## AUDIT REPORT

We have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Milton for the fiscal year ending June 30, 1972. It was not possible to verify the balance on hand at June 30, 1972 because the treasurer did not perform necessary month end bank reconciliations. At the time of our audit all returned cancelled checks were filed in numerical sequence making a reconstruction of the bank reconciliation impossible.

We found that the school district treasurer's book balance was allowed to be overdrawn a total of six times during the fiscal year. The largest amount of overdraft was \$1,149.92 on September 9, 1971.

In addition, we noted that the amount received from selectmen was understated by \$5,000.00. The amount recorded in the treasurer's cash book was \$5,000.00 less than the amount actually deposited in the bank. This error was corrected on the treasurer's report.

It would appear that had the treasurer performed the necessary monthly bank reconciliations, the above situations would have been eliminated. Although we were unable to verify the balance on hand at June 30, 1972, the treasurer's report as presented would appear to be correct.
